From the N. Y. Journal of Commerce. Late and Interesting from Our Pacific Squadron.

Extract of a letter, dated Terro, September 12, 1846.

Com. Stockton has declared the whole of the coast of Mexico in the Pacific in a state of blockade. Commodore Stockton | Phelps Botany, Perrin's Fables, Nugent & Webhas established himself governor in the ster's Dictionary, Hales History U, States, Girls capital of Upper California. It is reported that the ports of Lower California are to be taken possession of, and San Blas made a rendezvous for the squadron and their prizes.

2d of this month, and sent the notification of the blockade to the authorities. She is cruising off the coast occasionally anchors in the bay, and has seized a couple of coasting vessels. Another vessel has also arrived off Mazatlan, and has cut out of that harhor a coasting vessel.

Blockade of the Mexican Ports on the Pacific

COM. STOCKTON'S PROCLAMATION. To all whom it may concern: I. J. R. Steckton, commodore and commander-inchief of the United States naval forces in the Pacific ocean, and governor and commander-in-chief of the territory of Califorma, do, by the authority of the President and Congress of the United States of North America, hereby declars all the warranted PURE, at WOODRUFF'S ports, harbors, bays, outlets, and inlets on the west coast of Mexico south of San Diego, to be in a state of vigorous blockade, which will be made absolute except against armed vessels of neutral nations. All neutral merchant vessels found in

any of the bays and harbors on said coast on arrival of the blockading force, will be allowed twenty days to leave. Given under my hand and seal, this

nineteenth day of August, A. D, one thousand eight hundred and forty six, at the government house in the "Cuidad de los Angeles," the Capital of California. J. R. STOCKTON.

Commodore and Commander-in Chief of the naval forces of the United States in the Pacific ocean, and governor and commander-in-chief of the territory of California.

A letter in the American (Matamo. ros) Flag, dated Camargo, Sept. 30th says: Several teams came in this morning Store. from Ceralvo, and I am informed by the teamsters that several trains, to the number of eighty-eight wagons, that have left here on successive day for Monterey, had not reached Ceralvo, nor were they heard of on the road. The general belief is that they have fallen into the hands of the Mexicans. The company sent out from here to reconnoiter and search for them, returned this morning without having gained any intelligence.

Several volunteers were murdered in this vicinity within the last few days. A party of men, not attached to the army, seven in number, mostly all Germans, on their way to Ceralvo from here, were attacked by the Mexicans and four of their number killed, the other three made their bacco, all kinds Spices, and Bozes New Raisins for sale at escape and have got in here. I suppose you have heard that a Sutler's narty were killed or made prisoners beyond Ceralvo.

INDIAN MASSACRE.-The Van Buren Intelligencer of the 31 instant says that a party of Delaware Indians, sent out by Col. Upshaw, the Chickasaw agent, to look for stolen horses, discovered a village of Witchetaws, totally depopulated, and many bodies of the inhabitants lying dead, They, on their return, stated to a small party of Witchetaws whom they met, what they had seen, and they at once said that their tribe had been attacked by the Cumanches, or Pawnee Mahas, and murdered. They hurried on towards 1000 YDS Finnnels twilled and plain White, Ye low, and Red Flantheir village, vowing to follow their encmies, and, if possible, release any prisoner yet alive. The village where the massacre took place is about 150 miles from Fort Washitaw .- Phila. Sun.

Canadian Vermifuge.

The re nedy to which we would call the attention of the public, is one which has proved successful for some time; and it is universally seknowledged by all who have tried it, to be far superior to any other medicine ever employed in diseases for which it is recommended. It not only destroys worms and invigorates the whole system, but it dissolves and carries off the superabundant slime or mucus, so prevalent in the stomach and bowels of children, more especially those in bad health. The mucus forms the bed or nest in which worms produce their young, and by removing it, it is impossible for worms to remain in the body. It is harmless in its effects on the system, and the health of the person is always im-

proved by its use, even when no worms are dis-It will be seen by the following statement that Mr. McCord had, previous to using "Winer's Canadian Vermifuge," resorted to various preparations recommended for worms, without any advantage-this of itself, is sufficient to the supe-
